Publisher: the scientific basic information title: medical function experiment (all institutions of higher medical experiments teaching planning materials) List Price: 45 yuan: Zhu Qiwen Press: Science Publication Date: 2012-06-01 ISBN: 9787030346940 words: Page: 338 Revision: Binding: Folio: 16 Weight: Editor's Choice the medical function experiment by Zhu Qiwen editor functional laboratory teaching experiment teaching mode in accordance with the translational medicine requirements . learn from similar materials written mode written. we strive to achieve system innovation. innovative ideas. and to write beautifully. It needs to be pointed out that the textbook Global Minimum Essential Requirements of the Medical Education and undergraduate medical education of international standards in the 2009 edition of function experiment on the basis of combining the two international standards of medical education requirements. a substantial rewrite from the edition textbooks pay more attention to the concept of translational medicine in all materials throughout. Designed to create interest in learning. capacity-building to the main line. multi-module. multi-level experimental teaching system. the interface between the theory of teaching both relatively independent. organic integration of...

Reviews

A new e book with a brand new standpoint. I am quite late in start reading this one, but better then never. I discovered this ebook from my i and dad advised this publication to understand.

-- **Jada Franecki II**

Here is the very best book i have got read through until now. I could possibly comprehended everything using this composed e publication. You will not sense monotony at whenever you want of your time (that's what catalogues are for concerning should you ask me).
