BOOK DESCRIPTION Pure Joy Living for Kids What constitutes pure joy living anyway? It is living feeling happy, carefree, secure, and fearless. It is having an environment that nurtures independent thinking, offers opportunities to express creative minds, fuels the innate penchant for learning, and is conducive to building lifelong connections and friendships. It is living in a healthy world, with options to explore and experience different cultures and customs. It is having excitement and new adventures. And it is having the life tools to wade through any challenge, overcome any obstacle, and live to one's highest potential with compassion for others, love for oneself, and aspirations to better the world. We can ensure all of this through a major spring cleaning of how and what to teach the next generation. This book offers a refreshing outline for a new education curriculum to gift to our most precious commodity, our children. It will serve as our legacy and fulfill our commitment to them.
