Charlotte Rose is the perfect example. As a 38-year-old black woman, she owns the largest black-owned mercenary and special weapons-manufacturing companies in the United States. As a highly successful black woman in America, Charlotte has beaten the odds and triumphed over them. But succeeding in business is only part of her plan. because Charlotte is also a deadly vigilante. Using her impressive fighting skills and advanced knowledge of weaponry, she spends her free time wiping the scum off of the earth - terrorists, rapists, sex traffickers - as they all fall victim to her. Charlotte s good - so good, in fact, that the CIA used her to arm and train foreign rebels. But all of her skills and determination aren t enough for her to become the hero she truly wants to be. Charlotte s field is dominated by rich and powerful white men who aren t used to seeing women in their orbit, let alone a true badass black woman like her. To them, Charlotte is just a meek and subservient woman who poses no threat whatsoever. But Charlotte flips the script on them - by becoming a dominatrix. Now she wields power over these weak men who secretly yearn for a tough, no-nonsense black woman -- and Charlotte pulls out all the stops. She seduces them and makes their sexiest fantasies come true, using her innate power to show them who s really the boss. And once she has them fully under her control, there s no limit to the justice Charlotte will deal out.
