Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Have you always wanted to do the things the pro s are doing? Now you can! In The Ultimate GIMP Guide you will learn professional photo editing, retouching, and e-book cover design in GIMP in easy steps. The book starts from the very beginning, so when you are new to photo editing, that s no problem! The book starts with installing and configuring GIMP to make it look and act as Photoshop. Then all aspects of photo editing are covered, and no stone will be left unturned! Everything will be shown in easy to follow steps. You will learn how to improve and correct photographs professionally, and how to work with layers. You ll learn how to crop images, how to resize images, how to save images for web, how to save images for print, and how to make PDF s. You will learn professional retouching, like skin retouching with frequency separation, Liquify (for example to make someone thinner), how to let the program remove objects, and how to remove objects with the clone and heal tool. You will learn how to use masks, and how to make selections. In Chapter 5 we will go in to making professional selections with just a single click (this is not possible in Photoshop!) using the patented U-point technology . The U-point technology is delivered by the Google Nik Collection, a professional high-end photo editing plug-in suite, used by professional photographers. The Google Nik Collection and its intregration into GIMP will be discussed in its whole. So in addition to gaining great expertise in GIMP, this book will also cover the complete Google Nik Collection. We ll download and install the software, together with a...
