CNC machining technology and programming

By ZHANG ZHAO JIANG

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 165 Publisher: Machinery Industry Press. Pub. Date :2008-04. This book is based on research, summed up in recent years, higher vocational and technical education experience of curriculum reform, to meet the economic development and technological progress and the actual production of the teaching content of the new requirements and prepared. This book introduces the CNC machining process analysis methods, programming methods, techniques and application examples. The main contents include CNC machining technology and programming based on technology and programming of CNC turning, CNC boring and milling technology and programming, CNC EDM wire cutting technology and programming, interactive graphics programming. This book can be used as teaching material Vocational CNC technology, CNC engineering and technical personnel are also available for reference. Contents: Preface Introduction Chapter 1. NC-based technology and programming CNC machining technology based 1.1 1.2 1.3 NC programming technology based training exercises and programming infrastructure projects in Chapter 2 CNC turning technology and programming process analysis 2.1 2.2 CNC Turning CNC lathe programming 2.3 Beijing-Four Satisfaction guaranteed, or money back.
