It is one of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

HarperBusiness, Australia, 2004. Paperback. Condition: New. Updated ed.. Language: English . Brand New Book. Quietly and steadily, the number of women making six figures or more is increasing and continues to rise at a rate faster than for men. From entrepreneurs to corporate executives, from white-collar professionals to freelancers and part-timers, women are forging careers with considerable financial success. In *Secrets of Six-Figure Women*, Barbara Stanny, journalist, motivational speaker, and financial educator, identifies the seven key strategies of female highearners: A Profit Motive, Audacity, Resilience, Encouragement, Self-Awareness, Non-attachment, and Financial Know-How. Based on extensive research and hundreds of interviews, including more than 150 women whose annual earnings range from \$100,000 to \$7 million, Barbara Stanny turns each of the six-figure traits into a specific strategy for upping earnings. By rigorously fine-tuning them, readers can, step-by-step, climb the income ladder.
