BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 26 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. The Department of Veterans Affairs (VA) Office of Inspector General (OIG) has continued to identify significant vulnerabilities in the departments use of government purchase cards. Over the years, the OIG has identified internal control weaknesses that resulted in instances of fraud and numerous improper and questionable uses of purchase cards. The OIG has made a number of recommendations for corrective action. Given that VA is the second largest user of the governmentwide purchase card program, with reported purchases totaling 1.5 billion for fiscal year 2002, and because of the program weaknesses reported by the OIG, GAO was asked to determine whether existing controls at the Veterans Health Administration (VHA) were designed to provide reasonable assurance that improper purchases would be prevented or detected in the normal course of business, purchase card and convenience check expenditures were made in compliance with applicable laws and regulations, and purchases were made for a reasonable cost and a valid government need. GAOs report on this issue, released concurrently with this testimony, makes 36 recommendations to strengthen internal controls and compliance in VHAs purchase card program to reduce its vulnerability to improper, wasteful, and questionable purchases. This item ships from La Vergne, TN. Paperback.
