Journey with this modern-day healer, as for the first time, she shares her wondrous and well-documented healing experiences with the world. Uncover how she did it and the nine real reasons people have pets. Imagine a life where miracles are considered as natural as breathing. You will see your pets, and your relationship with your pets, in a new light. This book is about remembering and relearning how important you are to this planet and all the animals on it - that you make a difference, and how vital your pets can be to this awakening. This information is long overdue and written in a language for all of us to understand. A must-have for all pet owners who want to care for their pets to the best of their ability and above all else, to do no harm. Good luck Joan Winch PhD Giselle Tonee is unique. Born able to communicate telepathically with animals, she instead sought solace with academic achievements in education, business and counseling, culminating in a Masters of Commerce. As a young adult, a second, more...
