Excerpt from Four-Dimensional Vistas There are two notable emancipations Of the mind from the tyranny Of mere appearances that have received scant attention save from mathematicians and theoretical physicists. In 1823 Bolyai declared with regard to Euclid s so-called axiom Of parallels, I will draw two lines through a given point, both of which will be parallel to a given line. The drawing Of these lines led to the concept of the curvature Of space, and this to the idea of higher Space.
