Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Diseases of the Nose, Throat and Ear, Medical and Surgical The author has long believed that surgical technique could be most clearly elucidated by describing each step of the various operations in numbered paragraphs, and by complementing them with suitable drawings. Nearly every operation is therefore illustrated, some with more than twenty drawings. About five hundred original drawings and plates have been thus used in the preparation of this work. The original sketches were made by the author, and were redrawn by Mr. James Kelly Parker, to whose intelligent cooperation much credit is due, and is gratefully acknowledged. An endeavor has been made to combine the advantages of a text-book and atlas, and, it is hoped, with a measurable degree of success. Tracheobronchoscopy and esophagoscopy have been brought to such a high degree of perfection, and the occasions for their employment are so numerous, that a fully illustrated chapter is devoted to their consideration. Before beginning this work, the author wrote to many of the leading specialists in the United States, England, France, Germany, Austria, Spain, Italy, Holland, Switzerland, Canada, and Russia, asking for reprints of their published articles. The response was most generous, and resulted in the accumulation of nearly three thousand monographs, which have been freely used in the preparation of this volume. With every wish to name each one who so liberally responded, it is obviously impracticable in a work of this character. The author has, however, endeavored to give due credit in the text for writings consulted. A debt of gratitude is also due to colleagues who have so graciously contributed to whatever of success this volume may attain. Grateful appreciation is also due to Dr....
