Createspace, United States, 2015. Paperback. Condition: New. Language: Arabic . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This book came in response to the urgent need in the Arabic library for such a title in Solid Waste management. It was written bearing in mind simplicity of read and ease of following included examples and computer programs. The book in it s five chapters defines solid waste, identifies it s characteristics, it s types, components and places of production, the practical means of it s extraction and collection, then describers how it can be processed, recycled and used, up to it s final disposal. The book should be valuable to: the engineer, planner, municipality personnel, environmental health specialist, public health specialist, doctor, managerial staff, economist, businessman, and under- and post-graduate research candidates.
