

L'HOMME REUNIFIE, ENTRE OCCIDENT ET ORIENT

By BIGE LUC

JANUS, 2007. Couverture souple. Condition: Neuf. La société et la science sont-elles victimes du cerveau gauche ? La méthode scientifique a donné ses lettres de noblesse à une compréhension du monde par l'objet, la mesure et la quantité. Cette pensée unique tend à atomiser notre lecture du monde, le temps et le sens qui dépendent de l'hémisphère droit étant négligés. L'auteur propose une méthode pour revaloriser le rôle du cortical droit. Celui-ci, en générant une pensée synthétique et signifiante, peut en effet apporter à notre conception de la science comme à notre appréhension de la société, l'harmonie qu'il leur manque.
